BENEFITS

Great value for money
Equip your employees with a productive PDF solution without breaking the bank.

Increased productivity
Work with PDFs more productively thanks to a diverse set of tools and an intuitive interface.

Efficient collaboration
Make giving feedback easier with new interactive commenting features.

Optimised approval processes
Make approval processes smoother by applying statuses to comments or to the entire document.

Compatibility
Ensure compatibility when opening all types of PDFs thanks to the integrated Adobe® PDF Library Technology.

The ABBYY advantage
Enhance the quality of scanned PDF documents with integrated OCR technology from a market leading expert.

The indispensable PDF solution for every employee

Marketing managers and copywriters can efficiently collaborate on marketing collateral and content creation, easily extract text to quote or reuse in new documents and easily fix typos on existing documents.

Sales and service representatives can save presentations and sales offers in PDF format to send them to customers, provide comments and edits on agreements and fix typos.

Legal professionals can use the enhanced resources to prepare court and other legal documents, discuss or approve agreements and contracts, redact sensitive information from documents and add digital signatures.

Technical writers can save technical documentation in PDF format with password protection, as well as extract text and tables to update and reuse in new documents.

Supply chain managers can easily prepare documentation for freight transport and shipping.

VOLUME LICENSING

Companies, governmental institutions and non-profit organisations can benefit from attractive volume discounts and convenient licence management tools which help track and monitor the licence usage within the organisation.

ABBYY® PDF Transformer+

INTUITIVE AND EASY TO USE

- Scan to searchable PDF
- Convert to Microsoft® Office or other editable formats
- Edit typos
- Comment and annotate
- Redact or search and redact sensitive information
- Create new PDF
- Sign with digital signatures
- Search and highlight keywords
- Protect with passwords
- Exchange ideas and feedback
- Navigate within the document

All you need for your daily work with PDFs

Review and Comment

- Use convenient commenting and annotation tools such as Comment, Strikethrough, Underline, Add Text and Highlight to markup text or give feedback in the PDF.
- Collaborate and exchange ideas with an interactive discussion and status tracking for comments.

Create and Merge

- Easily create ISO-standard searchable PDF and PDF/A files from Microsoft® Office and from scanned documents and images.
- Create PDFs from any application with a print function using the PDF-XChange virtual printer.
- Merge multiple documents in different file formats into one PDF file or add pages to an existing PDF document.

Extract and Reuse

- Quickly extract text, tables and images from any PDF file to quote and reuse in other documents thanks to the integration of ABBYY's award-winning text recognition (OCR) technology.
- Convert PDF documents into editable formats such as Microsoft® Word, Excel®, OpenOffice™ Writer or the e-book formats EPUB and FB2 with just one click while preserving the original document layout and formatting.

Edit and Modify

- Adjust existing PDFs by fixing typos, resizing, adding or deleting images, editing, adding or deleting metadata and rearranging pages directly in the PDF file.
- Simplify business processes by applying bates numbering and stamps such as "Approved", "Final", "Confidential", etc. to PDF documents.

Protect and Share

- Redact ("black-out" and remove) sensitive information in text and metadata and set passwords (128 or 256 bit AES encryption) to control access rights to functions like open, print, edit, copy, etc.
- Use MRC compression to reduce the file size when sharing a document via email or for archiving purposes.
- Sign documents with a digital signature for authentification of the author and verification of integrity.

Open and View

- Open any industry standard PDF file and navigate within the content with ease.
- Use full text search to quickly find information in any type of PDF.
- Set ABBYY PDF Transformer+ as your default program to open PDF files, so you can start working on the content right away.

CREATE PDF FROM

- Microsoft Word (DOC, DOCX, RTF)
- Microsoft Excel® (XLS, XLSX)
- Microsoft PowerPoint® (PPT, PPTX)
- Microsoft Visio® (VSDX, VSD)
- JPEG, JPEG2000, JBIG2, PNG, GIF, TIFF, BMP
- TXT, HTML

CONVERT PDF TO

- Microsoft Word (DOCX, RTF)
- Microsoft Excel (XLSX, CSV)
- Microsoft PowerPoint (PPTX)
- OpenOffice™ Writer (ODT)
- searchable PDF, PDF/A (2b)
- FB2, EPUB
- HTML, TXT
